Hardwoods. There are some who say that for-

estry in Vermont is unnecessary, that our forests are growing faster than they are cut. If this were true it would be no argument against increasing the forest productivity of the state any more than it would be an argument against better dairying to say that our O. A. Prescott visited friends in Bradlows are producing milk as fast as we are using it. Unfortunately it is not true, for although the annual cut of lumber in the state has remained about Harry Crockett and wife of Orange the same for the past twenty-five years, it is being so maintained by the cutting of small trees and by the substiwere the guests of O. A. Prescott re- in most districts during the past few ing porcelains and pottery. years because of the growing searcity of softwoods throughout the country ed relatives in Orange Saturday and and consequent rise in prices of bard-
